

## DON'T RETIRE: REIMAGINE LIFE'S POSSIBILITIES

### Don't Retire: Reimagine Life's Possibilities!

**1 Day \$22**

Most baby boomers are not going to retire. But what are we going to do? A new retirement model is emerging: it involves us in managing our lives!

This is the time to reinvent, rediscover, reframe, and – REWIRE. Come learn, sooner rather than later, the options now available. Targeted toward professionals who are used to having their positions consume their time. We will learn from each other while discussing the opportunities that exist as we strive to live a quality life for the rest of our life.
